

Accessibility Policy

Introduction

The Accessibility Standard for Customer Service is a regulation under the Accessibility for Ontarians with Disability Act, 2005 (AODA). Starting January 1, 2012, accessible customer service came into effect for all Ontario businesses and organizations.

It applies to all organizations (public, private and non-profit) that provide goods or services either directly to the public or to other organizations in Ontario and that have one or more employees in Ontario.

Scope

Euro Tile & Stone is committed to excellence in serving all of our customer's needs. This includes customers with a disability. In the event that an individual with a disability accesses our goods and / or services, Euro Tile & Stone will carry out our functions and responsibilities in accordance with the Accessibility Standard for Customer Service.

Euro Tile & Stone will train and educate key employees who are likely having frontline contact with persons with a disability.

Should direct access be required to our warehouse facility whether it is an individual with or without a disability, occupational health and safety rules are to be reviewed with the person, and the person will be accompanied with a designated employee.
