

THE TERRAE COLLECTION

Terrae I Collection

The Story

The authentic essence of the earth, the strength of matter. Terrae is a porcelain stoneware collection that expresses its origins: the earth in its many shades, textures, and depths. The slightly textured surface recalls wet clay, as if shaped by the slow, incessant action of water and wind, which over time shape natural, soft, and unique forms.

Technical Information | Informations Techniques

Material Matériau:	Porcelain Porcelaine
Floor / Wall Plancher / Mur:	Both Plancher et Mur
Shade Variance Variation de Teinte:	V1-V2
Breaking Strength Effort de Rupture:	> 1,300 N
Thickness Épaisseur:	8mm
Rectified Tile Rectifier:	No Non 1/8" Grout Joint Min.
Water Absorption Masse d'eau Absorbée:	≤0.5%
Slip Resistance Résistance au Glissement:	DCOF ≥ 0,42
Stain Resistance Résistance aux Taches:	RESISTANT RÉSIST
Frost Resistance Résistance au Gel :	RESISTANT RÉSIST
Abrasion Resistance Résistance à L'Abrasion:	PEI 2-5
Chemical Resistance Résistance aux Produits Chimiquee:	RESISTANT RÉSIST

Special Instructions - Metallic Colors

The metallic glaze of these tiles is acid-sensitive. Before grouting apply a sealer on the tiles (Pro Aqua Seal) to protect the metallic finish.

Not recommended for showers, saunas or in any areas where water is expected to accumulate. As a general rule, before and after grouting, never use abrasive sponges, scrubbers, blades or sharp objects that could scratch the surface of the tiles. For ordinary maintenance a neutral cleaner is recommended.
